It's A Girl Program

Dear Sponsor

On behalf of Woodside Bible Church, Life Impact Ministries, and the Faith, Prayer & Tract League, we thank you for your sponsorship of It's A Girl. It is because of your generous giving that we are able to provide an infant with a healthy upbringing and a loving, Christ-centered environment to be raised in.

Through the work that we do and the spreading of the gospel to these babies' families, we hope to transform entire villages with the love of Jesus.

Thank you for partnering with us!

Our Partners

Pastor Mano & Sheila Daniel are the founders of the It's A Girl Project and of the Faith, Prayer & Tract League.

Process

We care for baby girls from 0 to 30 months who come from rural areas. Below is how the process works:

- The Pastor/LIOs (Leaders In Obscurity) learn which baby girls are neglected or not properly cared for in their families.
- The Pastor/LIOs volunteers to care for the baby girl or the family approaches them for help.
- A formal letter of consent is submitted by the parents.
- While the child is under their care, the Pastor/LIOs build a relationship with the parents and shares the gospel story.
- When the child is 2 1/2 years old, they are enrolled in the local Government Balwadis- day care centers. These centers provide children with food and a play area.
- Children are admitted into kindergarten in Government-run schools at the age of 3 years old.
